ANGEL CHILDREN.

Is there any happier woman in this world than that mother whose each successive little one seems to her but one more darling angel to continually lift her thoughts toward the sunshine of perfect happiness? But sorry is the lot of that poor mother to whom motherhood has ceased to be a cause of rejoicing, but has become instead a burden to be dreaded and looked forward to with melancholy and apprehension.

"About three months before our last baby was born (which is our fourth), writes Mrs. Nellie Carl, of Myrtlepoint, Coos Co., Oregon, "my health was very poor. I had been troubled for about eight years with female disease. I doctored with good physicians but obtained no relief, so I wrote to the World's Dispensary Medical Association, and was advised to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so, and am happy to say my health began to improve and I did my work up to the last, and felt splendid.

"I got along finely during confinement, and have the healthiest baby I ever saw. When he was three months old he weighed eighteen pounds; he is now seven months old and weighs twenty-four pounds. I can say I have had no return of my old troubles. I thank you very much for the good you have done me."

Any woman may write to Dr. R. V. Pierce, of Buffalo, N. Y., a statement of her case, which will be considered in absolute confidence by this physician who stands among the foremost specialists of the century in the treatment of women's diseases. He will send her (in a plain, sealed envelope) sound, sensible, valuable advice free of all charge.

Dr. Pierce's great thousand-page, illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 31 stamps.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

HOCH TO HANG.

Johann Hoch, who, by his own confession, is a polygamist, and who is charged by the police with having married at least 40 women in the last 15 years, was yesterday in Chicago found guilty by jury of murdering the next to his last wife, Marie Welker Hoch. The verdict follows:

"We, the jury, find the defendant, Johann Hoch, alias Johan Hoch, alias John Schmitt, guilty of murder in manner and form as charged in the indictment and fix his punishment at death."

Hoch had been married to Mrs Welcker only a short time when she took suddenly sick and died. He then formed an alliance with the sister of the dead woman, and securing the sister's money, fled from Chicago. This Mrs. Hoch told the police that Hoch had poisoned her sister and a search for Hoch was begun. He was found two weeks later in New York and brought back to Chicago and confronted with several alleged wives. During the trial expert testimony was offered by the state that Hoch had poisoned the woman by administering arsenic.

Yesterday's verdict was reached in less than half an hour. Three ballots were taken. The first ballot was unanimous as to Hoch's guilt, and then a ballot followed as to the punishment to be inflicted. This ballot showed 10 in favor of the death penalty and two for life imprisonment. A third ballot resulted in the 12 jurymen voting for the death penalty.

"Well, I guess it's all off with John," groaned Hoch as the verdict was read in court. He was greatly affected. He had sat in a stooping position, but when the word "death" was read he turned pale, stared hopelessly at the jurors, and then sank limp in his chair.

Hoch's attorneys will ask for a new trial, although the condemned man declared he was ready to die and would be better satisfied if they did not make an effort to save him.

"I wish they would hang me tonight, now that I have been found guilty," declared Hoch. "I am not afraid to die," and the sooner it is over with the better."

Hoch expressed great surprise at the finding of the jury, and declared that the jurors did not take time to consider the evidence.

"The evidence was all circumstantial," he said, "and my life was 'guessed' away by the jury, which did not give sufficient consideration to the testimony offered."

Hoch denied positively that he had murdered a number of wives, as has been alleged, and displayed some bitterness in speaking of the matter.

"Such talk is foolish," he said. "The reports have been spread that I am a modern 'bluebeard.' This is untrue. All that can be said against me is that I have committed bigamy. As to the talk that I had nearly a dozen wives, it is nonsense, as are the stories that I made away with them. There was no evidence that I had another sweetheart and wanted to get rid of the woman I am accused of poisoning. I spent money to get her, but this part of the evidence was ignored by the jurors."

Hoch said he preferred the death penalty to life imprisonment. He whistled a lively air as he returned to his cell.

When the verdict was announced Hoch stood in a stupor. He nodded his head. He seemed unable to realize what was said. After a moment of silence he asked the question "another one?" No person understood what he meant. A bailiff tapped him on the shoulder and tried to rouse him. Several women who had been awaiting the verdict fainted in the court room.

France Alarmed.

M. Francois Deloncle (republican), deputy for Indo-China, has submitted to the special parliamentary committee on naval affairs in the French Chamber of Deputies a remarkable report on the urgent necessity for strengthening the defense of Indo-China against the peril of a Japanese invasion. "Indo-China," he says "has only two enemies to fear, namely, Japan alone or China encouraged and supported by Japan. The former constitues a real danger, for Japan has much to gain and little to risk, and her isolated position makes her almost invulnerable to us. She could in a few a few weeks throw 100,000 men into Indo-China, and easily re-enforce this first landing party. The first phase of such a struggle would consist of Japan's efforts to secure mastery of the sea in order to re-enforce her troops. She has two admirable anchorages ready for her transports at Kamranh bay and Port Dayot. She probably would take the first, as nearer to Saigon. Japan would thus be established upon the sea route connecting Tonquin and Cochin-China, and who could prevent it? In the present condition of our defenses could we resist such an attack?"

The report then examines the means which it is necessary to adopt for the defense of the colony, and says the best solution of the problem is to strongly re-enforce Indo-China so that the colony may be able to defend itself for several months against the Japanese until French naval divisions reached the theater of operations. The report concludes with asserting that it would be puerile to disregard the gravity of the situation.

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, MAY 20, 1905.

AFTER all the defiant talk of the past few days from administration sources relative to the determination to buy Panama canal supplies where they were to be had cheapest, later developments show that the administration has consented to a "compromise" with the stand-patters, led by Speaker Cannon, with the avowed object of avoiding any disturbances of party harmony or an untimely precipitation of tariff agitation. The President and Secretary Taft, as stated in yesterday's Gazette, have agreed, for the present, not to buy any ships abroad, but to charter them, instead, and to limit the purchase of other supplies and material to the actual necessities of canal work until Congress meets. This is a decided modification of the policy announced by the President, and is an assurance to the high protectionists that the administration "will go no further than is absolutely necessary until Congress has had an opportunity to decide upon legislative action." The President, it is now given out, "has no desire to run counter to the sentiment of his party, if the sentiment proves to be in favor of restricting the purchase of canal supplies in this country. It is not the policy of protection, it is stated, that the President is opposed to, but the rapacious policy of the protected." Since his arrival in Washington Speaker Cannon has been laboring to obtain a stay of proceedings in the canal supplies matter and his efforts have been eminently successful. He promised that if given an opportunity Congress would take such action as would relieve the administration of all responsibility in the matter by providing that only the products of this country shall be used in the canal construction. The Speaker also told the President and Secretary of War that if their declared policy were carried into effect to the extent indicated in the original announcements on the subject it would have most disastrous results for the republican party. In response to the Speaker's appeals, the subject was taken up afresh in the Cabinet meeting yesterday and a decision reached that the policy of buying canal supplies abroad should be applied in the mildest possible manner!

THE Portsmouth Star, the Winchester Star, and other papers of the State are openly and forcefully making the charge that the State Board of Education, in its appointments of school superintendents, is being run as a part of Gov. Montague's political machine, and in the interest of the Governor's campaign for a seat in the United States Senate. The Culpeper Exponent says:

This is indeed a grave charge, and unless successfully controverted by Mr. Montague and his friends, will be still another factor that will contribute to the general cause of Montague's defeat, which, judging by appearances, daily becomes more probable.

ONE OF the Panama commissioners is quite mistaken when he says that the decision of the administration to buy American goods at export prices or to buy foreign materials for the canal work "may shock the public." It will do nothing of the kind. What shocks the public is that the beneficiaries of our high protection are selling abroad at lower prices than at home. If, says the Philadelphia Record, the foreigner can get the low prices and if the government can, what justice is there in permitting these beneficiaries to exact high prices from American citizens?

SO GREAT was the pressure brought to bear upon the Richmond city democratic committee, that last night it changed its primary plan by striking out the word "national," thereby reducing the pledge required from all who vote to include support of only municipal and State candidates. There was naturally much dissatisfaction with the original pledge requiring voters in the municipal primary next month to pledge themselves to vote for the next democratic candidate for President in 1908. It does not do to be too previous.

THE "educational rallys" now being held throughout the State, as a rule, are not well attended; indeed from what one reads of these rallys, a baseball game would attract larger crowds. 'Tis true, 'tis pity, and pity 'tis 'tis true.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., May 20.

It has been made known that President Roosevelt's chief object in making a trip through some of the Southern States next fall is to establish the record of having visited every State and Territory in the Union during his term of office. Since his accession to the presidency Mr. Roosevelt has been in every State and Territory except Florida, Arkansas, Alabama and Louisiana, and his coming tour has for its special object a visit to those States.

Justice Wright this morning granted the motion for severance in the hearing of the case against William G. Crawford, indicted jointly with August W. Machen and Dr. George E. Lorenz, on the charge of conspiracy in the sale of supplies to the Postoffice Department. Machen was brought to Washingtoe from the Moundsville, W. Va., penitentiary this morning. His trial is set for Monday.

Legal and official circles are all stirred up over the question of controversy that has arisen between Attorney General Moody and Judge Martin F. Morris of the District Court of Appeals. The Attorney General announced yesterday that Judge Morris had written a letter to the President signifying his intention of resigning, and that the President had decided to appoint ex-Senator McComas of Maryland to the prospective vacancy. Now Judge Morris has come out in a peppery interview in which he asserts that he did not write any such letter, and that the announcement of his successor was premature and in very bad taste. When Attorney General Moody made the announcement at the White House yesterday he said that the letter written by Judge Morris also said the writer understood that Senator McComas had been elected as his successor and that he seemed to be agreeable to the arrangement. From a very good authority it is understood that the President received a letter from Judge Morris some time since in which the latter did signify his intention of leaving the bench. It is understood, however, that the judge did not indicate exactly when he intended to doff the ermine.

Secretary of War Taft had a conference this morning with the President on the Bowen-Loomis controversy the result of which was the determination to call a number of other witnesses to testify regarding various phases of the matter. The secretary was not willing to tell inadvance of their appearance or until he can ascertain from them their willingness to appear and testify, the names of the additional witnesses but it is known that the pretence of some of them has been requested by Mr. Bowen, while others will be called as a result of Secretary Taft's own examination into the papers in the case and his desire to get first-hand information regarding some of the points in dispute. The secretary proposes to be absolutely fair to both parties to the controversy and he intends to probe into the merits of the case in the most through manner. The determination to call other witnesses will necessarily lengthen the investigation and postpone the final disposition of the case.

President Roosevelt gave a reception at noon today to the delegates of the Philadelphia and Baltimore Conference of the A. M. E. Church. Interstate Commerce Commissioner Clements, in continuation of his statement before the Senate committee on interstate commerce this morning, among other recommendations made the following: Providing a penalty for the failure of railroads to make complete annual reports; requiring private car lines to publish rates; providing for a uniform system of book-keeping by railroads companies. Providing for the appointment of government railroad examiners and the placing of water lines under interstate commerce regulations.

Howard Elliott, Presidentt of the Northern Pacific Railway Company, today addressed the Senate committee on Interstate Commerce. He said that if the railroads are hampered by too much restrictive legislation, if the capitalists who furnish the money for railway construction are not permitted to name the price to be charged for the use of railroad facilities, the expansion both of the country and the railroads will gradually stop.

The trouble occurred about Matheson's child, who he said had been abducted from his home by its grandparents. Matheson and his wife are separated. He sued for the custody of the child one year ago and the courts gave it to him. Since then he has kept the child with him in the country near Natchez until a few days ago, when, it is alleged, it was abducted during his absence. Matheson is in jail.

The question of uniting the Reformed and Presbyterian Churches remains a matter of speculation. Just before the close of yesterday's session of the General Assembly of the Southern Presbyterian Church the report of the committee on closer relations was read and circulated in printed form on the floor of the convention. The report recommended the appointment of a committee to confer with similar committees of other churches as to the most advisable course to pursue in the premises. On motion of Dr. G. B. Stickler, of Richmond, Va., the report of the committee was ordered to be referred to a committee of 13, to be appointed by Moderator Plunkett. This committee will report back to the assembly its recommendation on the question.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucuous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Episcopal Council.

FRIDAY—THIRD DAY.

MORNING SESSION.

Charlottesville, Va., May 19, 1905.

The council met for its third day's session at the usual hour, the opening devotional service being conducted by Rev. H. F. Kloman, of Haymarket, Prince William county. The bishop appointed the following committee on the revision of the diocesan canons to report at the next council: Rev. R. K. Massie, of the Theological Seminary, Judge A. W. Wallace and Judge R. C. Scott.

The finance committee made the usual appropriations and also placed at the bishop's disposal the sum of $1,000 to be paid in four quarterly instalments to such archdeacon as may be chosen to do missionary work under the bishop of the diocese, the appropriation to be for the next council year.

Rev. H. F. Kloman next read the report of the committee on Sunday schools. An increase in the number of teachers and scholars is noted. The total number of teachers is 1,066, scholars 9,762, contributions $6,655.91.

Rev. John Poyntz Tyler, archdeacon of the diocese, was reappointed at the same salary now given him.

The report on the state of the church was read by Archdeacon Neve. It was most excellent and suggestive, showing steady progress in the life of the diocese.

Dr. Moncure, of Richmond, moved that the cordial thanks of the council be accorded to the rector, vestry and congregation of Christ Church for their generous hospitality and to the railroad and steamboat lines for their courtesy in furnishing reduced rates to members of the council.

Rev. Mr. Campbell, general secretary of the Virginia Bible Society, presented the claims of this valuable auxiliary to Christian work to the council in an interesting address. He distributed well-printed copies of St. John's gospel, costing 1 cent each, and said that this price covered the expense of publication.

Rev. S. S. Hepburn offered a resolution that so much of the bishop's report as referred to the old colonial churches be placed in the hands of a permanent committee authorized to report to the Diocesan Council from time to time.

Rev. S. A. Wallis, of the Seminary, then read the report of the committee on the increase of the ministry.

Rev. H. B. Lee, rector of Christ Church, expressed the appreciation of the vestry, congregation and himself for the resolution of the council congratulating them upon the completion and consecration of their handsome church, and said it was a great pleasure to have the council meet with them at this auspicious time.

Bishop Gibson also stated that he had not referred to the consecration officially at this meeting as he reserved it for his annual report next year, but he desired to express his gratification at the realization of the desires of the congregation rector and vestry in the consecration services of last Tuesday, and congratulated them on the prosperity of their work.

The council then adjourned with the accustomed devotional services by the bishop to meet in St. Paul's Church, Alexandria, next year.

While there was little business of general interest before this council, it was characterized by the harmony and social intercourse which prevailed throughout the entire session. It also prepared the way for important work next year in the revision of the canons, whose adoption will be among the most important duties of the coming session in Alexandria. There were comparatively few visiting clergy from neighboring dioceses. Among the number was noticed Rev. Robert Jett, of Emmanuel Church, Staunton. The lay delegates, as well as the clergy, from the three Episcopal churches from Alexandria, were all in attendance.

Dr. Alderman, president of the University of Virginia, presented his compliments to the bishop and council and gave a hearty invitation to the members to visit the University where every opportunity would be given them for inspecting the grounds and buildings. The authorities of the Young Men's Christian Association of the university also invited the members of the council to visit their new and handsome building, although not yet thrown open to the public. When completed it will be one of the most imposing, commodious and well-apportioned association buildings in the State.

Red Men.

The great council of the Improved Order of Red Men of Virginia, which had been holding its annual session in Petersburg, adjourned at 12:30 o'clock yesterday morning. The degree work was exemplified by the Black Hawk team of Norfolk.

The great sachem made the following appointments: Great board of appeals, A. Heineckel, Phoebus, for three years; J. C. Roweli, Petersburg, two years; R. A. Feggatt, Roanoke, one year. Committee on Jamestown exposition, J. C. Hegebean, Norfolk; James B Blanks, Petersburg; Charles I. Phillips, Richmond.

Fewer Gallons; Wears Longer.

Fewer gallons; takes less of Devoe Lead and Zinc than mixed paints. Wears longer; twice as long as lead and oil.

A Good Suggestion.

Mrs. C. B. Wainwright of Lemon City, Fla., has written the manufactures that much better results are obtained from the use of Chamberlain's Colic, Cholera, and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Gibson & Timberman and W. F. Creighton & Co.

Today's Telegraphic News

End of the Strike.

Chicago, May 20.—There is but one hitch to the pending settlement of the teamsters' strike, and that is the question of the express drivers. The union wants better terms for them. It is believed the strike officially will be called off tonight. The employers issued a statement of terms shortly after one o'clock this morning, through Levy Mayer, the attorney. The terms were delivered at the end of a long conference to Cornelius H. Shea, president of the teamsters' union. Shea, accompanied by A. J. Reed, a local labor leader, immediately met the leaders of the teamsters' joint council.

The general understanding is that the strike practically is over, that it will be ended within 24 hours, at the latest. The terms offered by the employers were:

That the stores affected by the strike will re-employ as many of their old employers as there are vacancies, maintaining the "open shop."

That the express companies may take back a few of their older employes, but only a few, and in their own discretion.

That the employers' teaming company will continue to employ only non-union men.

That other employers will take back strikers if they need them.

In other words, it means the establishment of the "open shop," or "open stable," as related to teaming.

LATER.

Chicago, May 20.—"The strikers have accepted our terms and will go back to work as we want them to," announced Levy Mayer, attorney and spokesman for the employers this morning, immediately after a conference with the labor leaders. This is the employers' official announcement of the end which came this morning. It was predicted yesterday that the strike would be ended before night. Today saw the prediction realized. The terms proposed to the strikers were the reinstatement of the men as soon as expedient. The employers claim a complete victory. They say the strength of the union has been so shattered that unionism throughout the country will suffer. Mayer thus exultantly commented on the settlement: "This means the beginning of the end of the end of the power of organized labor in Chicago. Having vanquished the giant of the unions, the employers are now ready for the pigmies. They will be treated in the same manner."

The teamsters have lost in wages, $500,000. The unions have been assessed $250,000. Employers estimate their shrinkage in business and railroad earnings and other losses at nearly $10,000,000.

From the Seat of War.

Saigon, Cochin China, May 20.—A number of junks have left the island of St. John off the China coast, supposedly to join the fleets of Admiral Rojestvensky.

St. Petersburg, May 20.—A cousin of General Kuropatkin, former commander of the Russian armies in Manchuria, has received a letter from the general in which he says he is strong enough to attend to the duties of his present command, and that he does not intend to leave Manchuria.

Harbin, Manchuria, May 20.—Movements of the Japanese forces under Marquis Oyama indicate that a general engagement is about to be begun. General Linievitch is being kept constantly informed of the Japanese movements and has prepared his forces for a decisive conflict. The belief is gaining ground that it is Marquis Oyama's purpose to strike when the news of Admiral Rojestvensky and Togo have met.

Proposed Representative Assembly.

St. Petersburg, May 20.—The proposed representative assembly for which there has been such a general clamor all over Russia, is really to be summoned and will be called toward the end of June. The assembly planned, however, will only be a partial surrender to the demands of the people, as they will not be allowed to elect the members. The calling of the assembly was decided upon at a conference of the ministry of the interior today. No exact time has been fixed for the summoning of the assembly, but it is announced that it will be called toward the end of next month. The members are to be appointed by the government, instead of allowing the people to select their own representatives.

The Presbyterian.

Winona Lake, Ind., May 20.—With the approach of Sunday with the simplest diversions tabooed the Presbyterian General Assembly will suspend work at noon today in time to allow the ministerial garb to be replaced by the sweater and mask. A select baseball team composed entirely of preachers will play a local nine and the game will be umpire by Justice Harlan. There will be six collegiate meetings during the day. Among the conferences today is one colleged aid.

Deaths from Ptomaine Poisoning.

Vienna, May 20.—Six persons dead and 12 seriously ill as the result of ptomaine poisoning is the record of a dinner party given at Zwitta, Transylvania. The dinner was given in honor of stationmaster Dragiceanu, in celebration of his birthday. Eighteen guests were invited and all were poisoned. Dragiceanu's sister, the cook and a butcher who furnished meat for the dinner, have all been arrested on the charge of putting poison in the food.

Town Besieged.

Belgrade, May 20.—The town of Guilline, Macedonia, is being besieged by a force of 2,000 Albanians. Eight hundred soldiers took refuge in the town and the residents have defended them from the Albanians. The latter have threatened to massacre all the inhabitants when they capture the place. Relief for the beleaguered town has been ordered from Uskub, and a force will be sent at once.

Steamer Wrecked.

London, May 20.—A dispatch to Lloyds from Syra, in the Grecian Archipelago, says that the Greek steamer Georgios was wrecked on the rocks off the Island of Kaloyeri in the Archipelago. The cargo of the vessel was completely destroyed, and only ten persons were saved by the steamer Halcyon, which went to the rescue. No mention is made of the number of lives lost.

DIED.

Entered into life eternal from the residence of his parents, 633 south St. Asaph street, Thursday evening, May 18, 1905, JOHN T., son of Wm. H. and M. E. Davis, in the 26th year of his age, after a brief illness. Funeral from Roberts Chapel M. E. Church, on south Washington street, Sunday afternoon, May 21st, at 3:30 o'clock, which the friends of the family are very respectfully invited to attend.

Murder and Robbery.

Woodbury, N. J., May 20.—Lying in a congulated and almost dried pool of her own blood, the blackened corpse of Miss Margaret Bradley, an elderly and eccentric spinster, who conducted a small farm about a mile and a-half from Franklinville, Gloucester county, New Jersey, was found last evening. The gruesome discovery was made by two ploughmen who called at the isolated farm house, where Miss Bradley had lived a lonely, recluse life. There was every indication that the woman had been murdered, although a cursory examination failed to show any wounds from which the blood in which the woman's body lay, might have come. The house had evidently been thoroughly ransacked, and as the recluse was commonly reported to be a miser, it is believed murder followed the perpetration of a robbery. There were also indications of a struggle in the room where the body was found. On a table in the room where the corpse lay was found a half finished letter dated Sunday last, and it is believed that the woman was engaged in writing this when she was attacked and killed. The body has been removed to Clayton, N. J., and Coroner Ludden and the Gloucester county authorities are making a search for the supposed slayer of the woman.

Yacht Apache Sighted.

New York, May 20.—Captain Polack, of the North German Lloyd steamer Princess Alice, which arrived here today, from Bremen, reports having sighted the American yacht Apache, one of the contestants in the trans-Atlantic race for the Kaiser's cup, yesterday. The position of the Apache was latitude 40 degrees, 42 minutes north, longitude, 68 degrees 5 minutes west, about 65 miles east of Nantucket light ship. The Apache, which is bark rigged, was steering east when Captain Polack sighted her, and was under full canvas.

Supposed Elopement.

New York, May 20.—The police are today searching for Alice D. Wheelock, aged 14, a daughter of Martin Wheelock, a wellknown tinsmith, residing at No. 85 Hawthorne avenue, Yonkers, who left her home about eight o'clock last evening and has not been seen by her parents since. There is a strong suspicion that she has eloped with Malcolm Colia, aged 21, a Persian who was a former boarder at the Wheelock home.

Quit Work to Attend Circus.

Mahanoy City, Pa., May 20.—Barnum and Baileys circus opened here today, with the result that ten collieries, employing 7,000 men and boys are practically idle. Less than 10 per cent of the employes are reported for work this morning, and the circus tents are swarming with miners.

New York Stock Market.

New York, May 20.—The stock market was full of buying orders at the opening. Few of these orders could be executed, though, except at sharp advances. Just before 11 o'clock the price for St. Paul broke below 173 and reached a number of stop orders. The declined which amounted to a point from the opening in nearly all active stocks increased the uneasiness among outside speculative interests and caused renewed liquidation.

TELEGRAPHIC BREVITIES.

Theremometer at Malone, N. Y., registers below forty and a flurry of snow was falling this morning.

A dispatch from Paris, Texas, reports that a passenger train from St. Louis went through a bridge near there today, many persons being injured.

FOREIGN NEWS.

The new British battleship Africa was launched today, at the Chatham dockyard. The usual ceremonies were observed at the launching. Lady Londonderry christened the vessel.

A bulletin issued in Paris this morning on the condition of Baron Rothschild says that the attack of gout seems to be passed, and that he is improving from the bronchitis. He passed a good night, and no new complications have developed.

A movement to erect a magnificent monument in Rome to the momory of Christopher Columbus, in celebration of the four hundredth anniversary of his death, has been started, and it is expected that the Vatican will issue an appeal to the whole world to subscribe to the fund so that the monument will be one worthy of the great discoverer.

Mr. J. S. Williams and the Tariff.

John Sharp Williams, minority leader in the House of Representatives at Washington, has prepared the following statement.

"It is not at all unnatural that the Federal Cabinet or the Secretary of War should object to being robbed by the great trusts of the country, operating under the shelter of the tariff and selling at one price—a reasonable one—to foreigners and at another price—an extortionate one—to the home consumer, including the government of the United States—their great benefactor—which has freely conferred upon them the privilege of robbing

"The only thing curious to my mind is that the men who can see so clearly the iniquity, when it comes to bear as a hardship upon the government itself or the Panama Canal Commission—which is the same thing, being a branch of the government—cannot see it and will not remedy it when bearing as a hardship upon the people, many of whom are so much poorer and less able to withstand extortion than the government is.

"A startling public object lesson of the inquity and wrong was needed. The attempt upon the part of the tariff-bred and tariff-fed trusts to perpetrate the old, old wrong upon a new customer, to wit, the government itself, has furnished this object lesson, and even a republican cabinet is soon to revolt. The tax which the trust would have levied under the shelter of the tariff, upon the people indirectly, by making the government pay for materials for the construction of the Panama canal is not a tithe of the amount which they daily levy upon the people themselves, upon the humblest, most obscure and least able to pay, as well as upon our navy, our merchant marine our railroads and our 'sky-scrapers.' One of three things will now happen. Either the government will buy its materials needed upon the Isthmus from foreigners, or the great American trusts, to prevent it, will sell to the government at a price at which they habitually sell to foreigners, or else a republican congress, upon its reconvening, will pass a law forcing the governor to buy from the American trusts at their own prices under the guise of encouraging American industry and 'uplifting American labor' in pursuance of the so-called 'American system.' The poor, miserable, transparent veil has been rudely torn—for a moment, at any rate. Let the people look at the ugly face under it all—until Congress meets, anyhow. This spectacle will do them no harm in the long run, if they will learn the lesson it can teach.

"JOHN SHARP WILLIAMS."

All Males.

The managers of one of New York's great dry goods stores, who has a farm near Brewster, N. Y., is much interested in the contention of Director Smith that the Central Park menagerie is becoming an Eveless Eden because visitors feed hydrocarbons to the animals.

"I am not disputing Mr. Smith's argument that peanuts and sweets predetermine the sex among animals," said he. "He may be perfectly correct. I only want to state the sad conditions on my farm, and I can't give a reason for them. They are just like the conditions at the menagerie, although my live stock has had nothing but ordinary food.

"I have 100 cows; and of their calves 85 per cent. have been bulls. I brought thirty-two heifers there from other parts of the country which were about to calve, and they produced the usual number of heifers, but since then they have given me nothing but bulls.

"With sheep it has been worse, if possible. I have a flock of thirty. Some ewes have had two lambs, some one, and twenty-six of them have been males.

"I have tried my best to raise chickens, but the chicks are nearly all roosters.

"The hoodoo affects even the carrier pigeons which I thought would be an ornament to the place. The females were in the majority when I bought the pigeons, but they produced nothing but males.

"My cat had a litter of kittens, and six of the seven were tomcats, so that we had to drown only one. There is a fine place for hogs on the farm, but after observing the course of events in the other branches of live-stock, I have decided not to try hogs just yet. Boars except when they are in the suckling stage, are of no use for the market, having a strong odor. But that is not all. When I started the farm seven years ago I took on a hired man who had just been married. He was with me until recently, and while in my employ became the happy father of five boys. He moved away and a girl came. Another man who has worked for me four years has had three boys come to cheer his life, but no girls.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid, of Harmony, Me. "For the past five years, however, on the slightest sign of a Cough or Cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected and how to cure it. Quickest relief and cure for coughs and colds. Regents Terminate Contract.

A disagreement over the rate charged by the steamboat company operating between Washington and Mount Vernon has caused a split between the company owning the steamer Charles Macalester and the Mount Vernon Ladies' Association, which is in charge of the home of Washington. The association for some time past has been making efforts to secure from the steamboat company a reduction in the fare charged for the round trip from the Seventh street wharf in Washington to Mount Vernon, but negotiations have failed, the company, it is understood, declining to make any reduction in the present rate, the association severing its present contract with the steamboat company on June 1. After all attempts to effect an agreement for a reduction in the fare, the association has entered the field in search of another steamboat company willing to contract to carry passengers to Mount Vernon for what is considered by the association a more reasonable fare than that now charged. The association yesterday made the following statement: "The Mount Vernon Ladies' Association of the Union, in council assembled, being in sympathy with the public, which has been called upon by the Mount Vernon Boat Company to pay advanced rates to the home of Washington for the past year, have made strenuous efforts before renewing a contract with the company to have it lower the rates to Mount Vernon. Having failed in their efforts to reduce the fare unless the association would consent to impossible conditions, the relations between the association and the boat company will be closed the 1st of June and the association is in a position to make a contract with another boat company."

The Market.

There was a bountiful supply of country produce in market this morning and prices were comparatively reasonable. Butter ranged from 30 to 35 cents a pound, eggs 18 cents a dozen and chickens of medium size from 40 to 50 cents each. Strawberries were plentiful, and many offered were fine and in good condition. They sold at from 6 to 10 cents a box. The offering of vegetables was profuse. Some home-grown cabbage were on benches at an early hour, but they were sold in bulk to street hucksters. The following were the prices of other articles: New potatoes 15 cents per quarter peck, green peas 15a20 cents per half peck, asparagus 10 cents per bunch, spinach 15 cent per half peck, onions 2 cents per bunch, tomatoes 15 cents per pound, cucumbers 4 cents each, rhubarb 4 cents per bunch, radishes 1c to 2c per bunch. Meats were unchanged in price. Beef ranged from 6 to 25 cents a pound, lamb 20a25 cents, mutton 12a15 cents, and pork 15 cents. There was a meagre display of fresh fish on the benches. Trout sold at 10 cents per pound, butter fish at 10 cents and sturgeon at 15. There was a fine display of flowers.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Leonard Manning, arrested by Officer Roberts for assaulting and beating Julia Jackson was fined $5.

Thomas Smith, arrested by Officer Bell for vagrancy, was fined $5 or 20 days in jail.

George Hoberdy, arrested by Officer Henderson for disorderly conduct, was fined $5.

Thomas Elzee, arrested by Officer Mayhugh for disorderly conduct was fined $5.

Clarence Grady, arrested by Officer Patterson for disorderly conduct, was fined $5.

Ferdinand Patton, arrested by Officers Bettis and Sherwood for being drunk in the street, was sent to jail for 20 days.

Naval Vacancy.

There is now a vacancy in the cadetship from the 8th Virginia District to the Annapolis U. S. Naval Academy, which Mr. Rixey would like to fill by the appointment of a promising young man from sixteen to twenty years of age from King George, Stafford or Louisa counties. The examination will be held June 20th. The entrance examination is quite difficult and applicants must be well prepared in order to pass it, and in addition must be physically perfect. Applicants must communicate at once with Mr. Rixey.

Personal.

Mrs. A. T. Hanson, who is sick at the Alexandria Hospital, has improved considerably.

Mr. Frank E. Heisley, who has been quite sick at his home, 409 south St. Asaph street, is able to be out again.

Mr. W. S. Towson, formerly of Alexandria, but now of Stafford, was in the city today. He will soon go into business at Cole's Landing, in Stafford county.

Miss Ansley who has been visiting friends in Norfolk, has returned to her home in this city.

Rev. S. A. Wallis, of the Theological Seminary, will preach and conduct communion services at St. John's Church, West End, at 11 o'clock tomorrow.

Right Rev. H. W. Peterkin, D. D., Episcopal Bishop of West Virginia, will preach at the Seminary Chapel tomorrow night at 7:30 o'clock.

The Alexandria ministers and delegates to the Episcopal Council which met at Charlottesville this week, have returned.

Social.

The last social meeting of the Westminister League of the Second Presbyterian Church for this season will be a concert or musical in the First Presbyterian Church on south Fairfax street next Monday night at 8 o'clock. It will be under the direction of Miss Lucy Graves, who will be assisted by St. Paul's Church choir, in concerted and solo work; by the Ideal Musical Club of this city, a Ladies' Quartette from Washington and a number of soloists from that city.

The following are the newly elected officers of the league: President, Mr. A J. Groves; vice-president, Mr. L. C. Leatherland; secretary, Miss Nannie Garner; treasurer, Miss Maggie Scott; chairman membership committee, Miss Nettie Garner; chairman of the religious committee, Mr. Wm. Campbell; chairman social committee, Miss Atha Swain; chairman music committee, Miss Lucy Graves.

Chamber of Commerce.

It is understood that a movement is on foot, started by the officers of some of the banks, to organize a Chamber of Commerce in this city. Several of the business men who have been talked to on the subject think a closer relationship between the merchants would redound to the general business interests of Alexandria and it is more than probable that such an organization will soon be perfected. It is intended to procure a suitable building, centrally situated, for the purposes of the organization. It is hoped by this means to bring back to Alexandria scenes of by-gone days when this city was a busy grain market. It is believed that this can be done, and that other branches of business which have lagged recently can be given an impetus and new features added.

Bond Sale.

Mr. S. H. Lunt, auctioneer, today sold for Messrs. Carroll Pierce and Worth Hulfish, substituted trustees, under the will of the late J. H. D. Smoot, 30 shares of stock of the Alexandria Water Company and $3,800 of bonds of the Virginia Midland Railway Company. The bidding was quite spirited and the water stock sold to Mr. H. K. Field for $130 per share. This is the highest price the water stock ever brought. One $100 Midland bond, first mortgage, due in 1906, was sold to Mr. Thos. Fisher for 102¾ and one $500 of the same issue was sold to Mr. Fisher for 102½. Two $100 Midland, second mortgage due in 1911, were sold to Mr. H. K. Field for 112½ and three $1,000 bonds of the same issue to Mr. Field for 110½.

Cantata.

There was a large audience at the Opera House last night to witness the sacred cantata, "Daniel," which was well rendered by a number of colored singers for the benefit of the Colored Old Folks' Home. Patrick H. Lumpkin, one of the teachers in the Snowden public school for colored children had the affairs in charge. All of the parts were creditably sustained, and the choruses, sung by seventy voices were well rendered. The Alexandria Choral Society is the name of the organization which gave the cantata, and it is the purpose of the members to give a performance in the near future for the benefit of the Alexandria Hospital.

In the Manassas Jail.

As has been stated in the Gazette, James Griffin, jr., of this city, and Charlie Jones, colored, of Richmond, were taken to Manassas this week and lodged in jail, charged with breaking into and robbing the storehouse of C. B. Leary at Cherry Hill, on the R., F. & P. R. R., in Prince William county, of $30 worth of shoes, clothing, etc., on Saturday night last. Jones was caught while in the store, but it is alleged Griffin jumped out of the window and made his escape. He was arrested later on suspicion, and upon being confronted by Jones, was identified by him as his partner in the robbery.

Fined.

Mr. Charles Swift, who lives on the opposite side of the river below this city, was arrested yesterday and fined $21.50 for fishing in the river without a license. The fine, it is said, was imposed under an old law that has not been enforced for many years. Mr. Swift was fishing just off his own property and being a resident of Maryland, he was naturally much surprised at the arrest and imposition of the fine. He will take an appeal to the court of Prince George's county, Md.

Property Sales.

Mr. J. R. Caton, special commissioner, in the chancery case of W. T. Emerson vs. Isabel O. Price, has sold to Mr. Edward Hughes the Emerson property at the southwest corner of Duke and Payne streets for $3,000 and today the sale was confirmed by Judge Barley of the Corporation Court. The property was advertised for sale at public auction today, but the sale was made privately yesterday.

Organization of League.

A permanent organization was effected at Carroll Hall, Washington, Thursday night, by those interested in the formation of a Catholic young men's league. The organization will be known as the Ozanam League, named for the founder of the St. Vincent de Paul Society. Among the societies affiliated with the new League is the Young Men's Sodality Lyceum of this city.

Mr. Luther Carter has moved into his new residence on the west side of Henry street, between King and Prince.

Law Governing Elections.

The following from Mr. Gardner L. Boothe, Corporation Attorney, in reference to the law governing primary elections is published for the benefit of all concerned:

To the Editor of the Alexandria Gazette:

Dear Sir: At your request and for the information of candidates at the approaching primary, I beg to say that the present law, which can be found in the Acts of Assembly of 1902-3-4, at page 88, provides as follows:

(1) "No candidate for Congress or for either House of the General Assembly of Virginia, or any State, county, district, or municipal office, shall expend, pay, promise, loan, or become pecuniarily liable, in any way, for any money or other valuable thing to influence voters in his behalf, or permit the same to be so used, with his knowledge and consent, by his friends or adherents, in any election, primary, or nominating convention; provided, however, that no expenditure made by any candidate, or his adherents and friends for the purpose of printing or advertising in some newspapers or in securing halls for public speaking at a reasonable price shall be deemed illegal.

(2) "That no person shall expend, pay, promise, loan, or become pecuniarily liable, in any way, for any money or other valuable thing in behalf of any candidate for office at any election, primary, or nominating convention held in this Commonwealth. Any person or candidate violating any of the provisions of this or the preceeding section of this act, shall be subject to a fine of not less than one hundred nor more than one thousand dollars, or confined in jail not less than one nor more than twelve months."

Under this law every candidate shall, within thirty days after the primary, make out and file with the city democratic committee, and with the Clerk of the Corporation Court, a statement subscribed and sworn to by said candidate, setting forth in detail, all sums of money contributed, disbursed, expended or promised by him, and to the best of his knowledge and belief by any person or persons in his behalf, wholly or in part endeavoring to secure his nomination to such office or place, and, also, all sums of money contributed, disbursed, expended or promised by him, in support and in connection with the nomination or election of any other persons, at such primary, and showing the dates when, the persons to whom, and the purposes for which all such sums were paid, expended or promised; such statement shall also set forth that the same is as full and explicit as affiant is able to make it, and he shall also before some officer qualified to administer oaths, take, subscribe to and file with said statement the following oath:—

"I do somlemnly swear that the statement herewith filed embraces all money spent by me, or in my behalf, with my knowledge and consent, by any adherents and friends; that I have neither directly or indirectly arranged, encouraged nor connived at the spending of any money other than as shown in my said statement; that I have not repaid any money so spent, or claimed to have been so spent, and that I will not do so, and that I have not violated any of the provisions of this act in letter or in spirit. So help me God."

Any person who fails to file this statement and oath shall be liable to a fine not to exceed five thousand dollars.

Respectfully submitted,

GARDNER L. BOOTHE,
Corporation Attorney.

Major Myers's Successor.

The board of directors of the Washington and Southern Railway met in Washington today and confirmed the action of the Richmond, Fredericksburg and Potomac Railroad in electing Judge W. J. Leake temporary president, to fill the vacancy caused by the recent death of Major E. T. D. Myers. Judge Leake for some time has been general counsellor of the R., F. & P. company. The Washington-Southern Railway is composed of several roads converging at Washington, and owing to the absence from the board of representatives of some of these companies the election of Judge Leake was not made permanent, although that, it is said, will follow. There will be no change in the policy of the company.

Dr. Church of Birmingham was the first person who, in my youth, contrived a bicycle and rode upon it in the town, which excited more consternation than a Southcottean with his beard. Why Suffer From Rheumatism?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. MEDICINAL.

Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local imflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

SATURDAY EVENING, MAY 20, 1905.

Dr. Osler Sails.

Dr. William Osler, recently professor of medicine at John's Hopkins University, sailed quietly for Liverpool from New York yesterday on the White Star Line steamship Cedric. It was by the doctor's special request that his name did not appear on the passenger list. To a friend he said he desired to evade interviews, as he feared he might be asked what course he would adopt with women over 60 years of age. "I have enough troubles," he is reported to have said.

Mrs. Osler and a niece, Miss Howard, of Montreal, accompanied the physician to England.

At Oxford University Dr. Osler will take up the duties of regius professor of medicine, to which place his appointment was announced in August last. The regius professorship is peculiarly one that the King delights to honor. The friends of the new incumbent expect, therefore, to greet him abroad some day as "Sir William."

Will Resist Demands.

At a meeting in Atlanta, Ga., yesterday, of the employing printers of the southeastern States, strong resolutions were passed regarding the recent action of the International Typographical Union in determining to inaugurate an eight-hour day beginning January 1, 1906. The resolutions stated that the employing printers were unalterably opposed to the eight-hour day, and under no circumstances would submit to it; that proposed reduction of hours would work to the detriment of both employer and employe and militate against public interests. States represented at the meeting were Virginia, West Virginia, North Carolina, South Carolina, Florida, Georgia, Alabama, Tennessee, Kentucky, Louisiana, and Mississippi. John E. Burke, of Norfolk, was elected provisional president and R. A. McGill, of Atlanta, provisional secretary, looking to a permanent organization of employing printers of the southeast.

Baby Killed by Rats.

The two-months-old child of Noah Shank, tenant on the Burkholder farm, a mile from Welsh Run, near Hagerstown Md., is dead, as the result of being bitten by rats while the parents and other members of the family were at supper. The child had been placed in a bed formed of pillows on chairs, while the family ate in a summer kitchen. Suddenly the parents were aroused by the little one's screams. They hastened to the child's side, arriving in time to see two rats jump from the chairs. The parents were horrified to find that the baby had been bitten on the cheek and tongue, while the ends of the tiny fingers had been bitten off by the rodents. Death followed in a few hours.

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Aitcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Gibson & Timberman and W. F. Creighton & Co.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nervetissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.
